

# TECH SYSTEMS-Two-Story Parking Device

## CP-IV T-4300

The CP-IV series was developed to specifically accommodate Sport Utility Vehicles (SUV's) or High-Roofed Vehicles. The lift height of 2500mm and the adjustable width allows sufficient space for the vehicles. The key Box and Mechanical Cover are standard features.

**T-4300**

The width of the platform and the allowable width for tires are not adjustable.
